Local News Of the Week

A Short History of a Busy Week in Wainwright, a Live Western Town

W. H. Froud, of Iran, was a visitor to the town last week. Conductor J. Lett has resumed his work on the mixed running between town and Biggar. Conductor Dan Sutherland, who was relieving him, will be employed between here and the front.

J. Gabriel, the well known news agent, has left for Montreal on a holiday trip.

W. McKay, who has been visiting his uncle, Alex. McKay, of Iran, returned home on Thursday last. He reports that his uncle has almost recovered from the effects of the injuries he sustained from a fall recently.

Mrs. Beckett, of Vermilion, who has been visiting her parents here, and Mrs. W. McKay, returned to her home on Friday.

The last issue of the Alberta Gazette gives notice of the election of ten new school districts. In the same issue, school districts are empowered to borrow money for the erection of schools, etc.

H. M. R. Leob, of Daysland, has been appointed ledger keeper in the local branch of the Merchants Bank.

Dr. McQueen, dentist, will be in his office here the weeks commencing the second and fourth Mondays in each month.

At the annual meeting of the ratemakers of the Wainwright school district some very interesting information was contained in the report of the treasurer. He informed those present that there were 388 names on the roll, of which 175 were resident and 223 non-resident. The number of acres under assessment was 12,840. The district finances were also shown to be in excellent shape, there being a considerable balance to the credit of the school after all expenses for the year had been paid.

Geo. Reynolds, of the eastern end of the G. T. P. line, was relieving train agent Drowley on this end of the line last week. J. Whitlaw relieved A. Lambkin on No. 1. Saturday Mr. Lambkin being detained at home owing to the illness of his wife.

Dan Dempsey, superintendent of construction for the G. T. P., arrived in the town on Monday from Wolf Creek. He states that the steel reached that point on Saturday. The bridge over Wolf Creek is nearly completed, but there still a couple of months' work on the McLeod River bridge. Mr. Dempsey has left for the east.

Noah Finlay arrived from the front on Monday, where he has been employed on the Pioneer.

Mr. and Mrs. P. W. Wonder, of Shabo, Sask., arrived from the east on Tuesday's train on a visit to Mr. and Mrs. M. L. Forster. Mr. Wonder is one of the leading merchants of the progressive Saskatchewan town and when seen by The Star stated that the growth of Wainwright would prove to be a revelation to anyone.

R. C. Lett, the well known colonization and travelling passenger agent of the Grand Trunk Pacific, was a visitor to the town the past week. Mr. Lett, who has been on an extended trip through the United States since his last visit to town, states that the attention of the farmers through the western states is centered on Canada west, and he anticipates a great rush when spring opens. Mr. Lett who left for the east on Friday, expects to return in a short time.

Donald Pawsey, of Edgerton, who recently married Miss Edwards, of Morden, Man., returned on Thursday's train accompanied by his bride. Miss Edwards, who was from Ottawa originally is a cousin of Mr. R. C. W. Lett, of the G. T. P. The Star lists the many friends of the young people in wishing all happiness.

Due to the exceptionally heavy demands on our space, we have been compelled to hold several articles of interest over until next week.

Calls the Editor of The Star to Task For Fancied Misrepresentation in Council Report

Wainwright, Jan. 26. H. E. Cumer, Editor Star. Dear Sir—In your last issue you quoted me as follows:—"My action may seem strange to a number of my supporters, etc." This I wish to state positively is untrue, as I had no such thought at the time, before or since.

You also quoted me as saying that I would "have something to say in the future as to this matter." This I wish to state is also incorrect. What I did say is this:—"I do not think it is necessary for me to say much on this subject at present. I may have something to say in the future."

What I had in mind at the time was this, I was fully aware that I would be criticised on my action. I didn't make any difference who I nominated and as there were only a few ratepayers present I thought it best to wait in order to be in a better position to defend myself if necessary. You will all admit I was between two fires, with a good chance of getting burned either way I went.

As you have evidently exhausted yourself trying to discredit my action in nominating Mr. Dawson for the chair, will give you my reasons for doing so. I do not wish to defend or criticize anyone or any action they took during the recent election. But I believe that when I nominated Mr. J. H. Dawson for the chair, it was in the interest of every ratepayer in Wainwright and for these reasons: He had had experience and understood the situation thoroughly you say isn't necessary.

I don't care how small a business is, an experienced man will do better than an inexperienced man. You say a precedent was set at the last election of a chairman. Are we to be governed by the last example? I should say not. I didn't make so much difference last year as all three were new men. This year it was an entirely different matter. Supposing you should suddenly acquire two partners with no previous experience in the newspaper business, what would you think if they should appoint one of themselves to conduct the business wouldn't it be a reflection on your ability. In fact wouldn't it seem foolish to have a business standpoint? You say a courtesy was due Mr. Logan. Do you not think that the same was due Mr. Dawson? It certainly was. In conclusion let me state that the parties most interested in this affair are persons who should have the interests of the town at heart above everything else. If we allow sectionalism and strife to enter into our Village affairs it is only a question of time and we will all suffer. Let every man have his own opinion on subject, but let us all pull for Wainwright all the time.

Thanking you, I beg to remain, Yours Truly, H. E. GRAHAM.

[We have read the above letter over several times in our effort to find out what the letter is all about, and have also looked over our files and find that when we have met any reflections on Wainwright's action, in regard to his claim that we misrepresented him, we only wish to say that we took a verbatim report of every thing that was said at the meeting of the council referred to and our report was correct in every detail. Editor.]

G.T.P. vs. TOWN

A hockey match will be played on the rink here on Friday afternoon commencing at three o'clock, between teams representing the town and the G.T.P. This will be the first match in the series to be played between these clubs. The teams line up as follows:

G.T.P.—Goal, McPhie; point, Gravelle; c. point, Snyder; rover, Beattie; centre, McKenzie; right wing, Kyle; left, Wood. Let every man have his own opinion on subject, but let us all pull for Wainwright all the time. Thanking you, I beg to remain, Yours Truly, H. E. GRAHAM.

Incorporation Proceedings

Chairman of the Council Instructed to Call Meeting of the Ratepayers

The regular weekly meeting of the council was held in the office of the secretary-treasurer on Tuesday evening. Couns. Logan and Graham being present.

In the absence of Chairman Dawson, Coun. Graham was appointed to act in his place.

The minutes of the previous meeting were read and adopted. The council adopted an order of business to be followed at all regular meetings.

The secretary reported that he had circulated the petition among the ratepayers, asking authority to borrow the sum of \$3000 by the sale of debentures. The petition has already been signed by fifty per cent of the resident ratepayers, and although the council considered it advisable to have a few more signatures, it was on motion of Coun. Logan, seconded by Coun. Graham, moved, "That the council borrow the sum of \$2000 by the sale of debentures." Carried.

A number of offers have already been received for these debentures, and no doubt they will be sold at a good premium. A letter was received from the Department of Public Works, noting the receipt of a copy of the auditor's report, and asking the council for full particulars of the disputed items, mention of which was made at the annual ratemakers meeting.

Chairman Dawson arrived at this stage of the proceedings and took the chair. The secretary-treasurer was instructed to write the Department explaining the matters in question.

The secretary announced that he had made arrangements with the bank for the payment of all cheques up to a total of \$2000 pending the sale of the debentures.

The following accounts were received and read and paid:—Musson & Ross, but. pr. \$114.30; J. James, labor, 1.35; Fletcher Lumber Co., lumber for fire hall, 1.75; W. B. Nellis post, notices, 90; Bickel, chemicals, 7.80; Robinson & Mills, gravel, 90.00.

As the lights had been placed in the fire hall to the satisfaction of the chief of the fire department, the rent account of W. Small & Co., \$50, was ordered paid.

The account of Catley & Gregson, the balance due for hauling gravel, \$19.98, was held over until the next meeting.

The Lash Company, printing, \$4.50. This account was referred back for revision.

The petition from the ratepayers, asking the council to take the necessary steps looking towards the raising of the village to a town municipality which was laid over at the last meeting was then taken up and it was moved by Coun. Logan, seconded by Coun. Graham, that the Chairman be instructed to call the meeting as requested by the ratepayers.

The council decided to assist the members of the rink committee in removing the earth from the Fourth avenue wall.

The secretary-treasurer was instructed to notify T. G. Cook to remove the building stones from the corner of Queen street and Third avenue forthwith.

Couns. Graham and Dawson will inspect the roadway near the well on Queen street, and if it is found necessary remove obstructions from the roadway.

The meeting then adjourned.

HOCKEY CLUB OFFICIALS

Rev. Abbot Appointed Manager and C. T. Lally, Captain

The News of Gilt Edge

Annual Meeting of School District and Election of Officials—Another Coal Mine

Farmers in a position to buy land and who are desirous of locating in a progressive community, would do well to investigate the possibilities of this district before purchasing in this little known region. Beyond a doubt it is one of the most mixed farming districts in Alberta.

The annual meeting of the Pluxtonville School District was held in the schoolhouse on the 12th inst. A. Balmur was elected chairman by acclamation. This is an office which E. W. Helm has very ably held since the formation of the district. The chairman, on behalf of the ratepayers tendered to Mr. Willhelm a vote of thanks for the able manner in which he has handled the finances of the school district and regretted that he could not see his way to devote his services to the district for a longer period.

P. W. Wood, one of Gilt Edge's recent settlers, while engaged digging a well on his homestead, the N. E. 24, 465, encountered a three foot seam of Lignite coal at a depth of 30 feet. He was not at all excited over the discovery; for after being under operation in the quest of water, seen after the discovery Mr. Wood stated that he intended to go on with farming operations, and that if he was not successful as some of his neighbors in that line he would then turn his attention to the development of his coal mine. Gilt Edge is certainly fortunate; the settlers in view no cause to fear a fuel famine.

The prospects of two coal mines being under operation in the very near future, should in itself be the means of drawing some near settlers to the large area of choice land that is still waiting them in this most desirable district.

Rational Sunday People Get Busy

Toronto, Jan. 21.—Strong representations are being made to Postmaster general by the Rational Sunday league against the methods of the Lord's Day Alliance in using the mails to intimidate suspected Sabbath breakers. This action, the league claims, is an attempt to usurp a civil function and act as self-appointed judge, jury and executioner. The circular of the alliance sent out to supposed offenders is quoted. It says, in part:

"We have no desire to cause you any trouble or expense, although we are expected to report the complaint to the authorities for prosecution. Are writing you with prejudice. This friendly letter is to ask you to have all such work on the lord's day discontinued."

"We will be pleased to hear from you by return mail and we will not report the complaint."

She Felt of Her Belt

I saw her go shopping in stylish attire.

And she felt

Of her belt

And she felt

Of her belt

At the back.

Her walk was as free as a springy steel wire,
And many a rubberneck turned to admire

As she felt

Of her belt

At the back.

She wondered if all the con-
traptions tick there
Were fastened just right 'twas
a most unceasing care.

So she felt

Of her belt

At her back.

I saw her at church as she entered her pew;

And she felt

Of her belt

At the back.

She had on a shirt that was
neatly and new.

And didn't quite know what the
fastening would do,

So she felt

Of her belt

At the back.

She fidgeted round while the
first prayer was said,
She fumbled about while the
first hymn was read—

Oh she felt

Of her belt

At the back.

Jack told her one night that he
loved her like mad;

And she felt
Of her belt
At the back.
She didn't look sorry, she didn't
look glad—
She looked like she thought,
"Well, that wasn't so bad."

And she felt
Of her belt
At the back.

But—well, I don't think 'twas a
great deal of harm,
For what should the maiden
have found but an arm

When she felt
Of her belt
At the back.

—Los Angeles Herald.

Short Shorties of the Day.

He had never been to sea before. "Can you keep anything on your stomach?" the ship doctor asked. "No, Sir," he returned feebly, "nothing but my hand."

An old lady who was fond of her dissenting minister once wearied Lamb by the length of her praises. "I speak because I know him well," said she.

"Well, I don't—I don't—but damn him, at a venture!" On another occasion, Lamb was invited to a party where the room was crowded with children.

Their noise and tricks plagued him not a little, and at supper, when toasts were flying to and fro, he rose to propose the health of the "m-m-much ex-cel-lentiated g-g-g-good" King Herod!

Taking Big Chances.

Winnipeg Tribune: The Salvation army commander is going to bring from the old land a number of girls. A splendid move. Even some of those suffragettes would settle down to peace and quietness as the wives of some of the splendid young men homesteading in the far west.

Well Known Artist in Town

Mr Bert Fox who is well known through-out Saskatchewan for his painting and decorating has resolved to make his home in Wainwright. Bert met some old friends in town and made up his mind that the burg sure "looked good to him." He is very busy at present working for Curly Jones and also painting some scenery in the Auditorium and several very neat and tasty signs for some of the Wainwright businesses the Star included. We extend the glad hand to Bert and wish all kinds of success.

THURSDAY, JAN. 27, 1910

The first step looking towards the incorporation of the village as a town was taken at the meeting of the council on Tuesday evening when the chairman was instructed to call a public meeting as requested by the ratepayers for the purpose of taking this matter up.

At this meeting a census taker will be appointed to take a complete census which in the case of Wainwright will merely be a formality, as we have two or three times the population necessary for the organization of a town municipality.

The ratepayers should be as one in this matter. In order to make any progress this year it will be absolutely necessary that we become a town in order to give our council the power to undertake the many public works which are essential. Wainwright has grown so fast that it has already passed the stage where a village council can handle the work.

It is hoped by the members of the council and the ratepayers who were at the head of the movement for incorporation that a full and representative meeting of the ratepayers should be held on the night set by the chairman of the council for the discussion of this matter, so that everyone will have a clear idea of the many benefits to be derived from it.

There are many important measures looking to the future growth of this town of Wainwright, which will come up in the immediate future, one of the most important of which is the securing of an adequate supply of water for fire protection purposes. At the present we are badly handicapped in this matter and this must be remedied immediately.

Lord Strathecona's Visit to the West

Among the many interesting features of the January number Western Home Monthly, Winnipeg, is a two-column New Year's Greeting to the Canadian West from Lord Strathecona. The message, which takes a most optimistic view of the future, contains much sound advice and encouragement. His Lordship's long experience and great interest in all matters affecting the Dominion make him the pre-eminent authority on the Canada of today and its possibilities for the future. His recent visit to the West afforded him the delight of seeing many of his former hopes and ambitions crystallized, and following closely upon this visit, the article is of intense interest throughout.

Buffalo Head Brings Fancy Price.

A magnificent specimen of a buffalo head pronounced to be one of the finest yet secured in Canada, is now at the taxider-

mists. The head is that of the buffalo killed last week at Elk Park near Lamont, owing to it's having broken a hip. The animal was fourteen years old and weighed 1400 pounds. The head was purchased from H. Douglas, superintendent of national parks by Richard Secord, of Edmonton, for \$350.00.

Frisco with Lid Off

Hamilton Spectator Paris promises to figure as a poor second when the now mayor of San Francisco gets things running as he wants them in the Pacific coast city.

Should Have Live Time

Hamilton Spectator: An unique presentation was made to a popular local young gentleman, prior to a brief visit to New York, consisting of a large whitewash brush and sufficient red paint to suit. As may be surmised from its character the only thing green about the recipient is his name.

Philosophic Reflections.

Bob Blake: Politeness doesn't cost much, but it buys a whole lot in this world.

Miss-spent energy, if concentrated, move the world. The unsuccessful drummer is usually endowed with it.

STRAYED

From the premises, 2-13-1, one red cow with white face, right ear slit, branded BP on left ribs, with white faced calf. Also one red heifer, branded the same, right ear slit, calf at foot. Reward for recovery of these animals.
